EXPERIENCE

Event Coordinator, Golden Road Arts; Hillsboro, Oregon — 2023–2025

Ran and taught at art education events in partnership with Hillsboro and Beaverton Libraries. “Art in the Park” activities provided an art education opportunity that is not available in the standard K-6 curriculum for students in Hillsboro and Beaverton.

Member, Seattle Cascades Drum & Bugle Corps; Seattle, Washington — 2025

Drum Corps International is a highly selective and competitive musical activity in which members perform and compete at a national level, learning and refining a full production and touring across the country for approximately 25 shows in a season.

Oregon Marching Band Battery Member/Section Leader; Eugene, Oregon — 2022–2026

Member for four years and drumline section leader for two years, with responsibilities including arranging sectional rehearsals, helping peers learn complex performance material, and communicating under high-stress and time-constrained conditions.

EDUCATION

University of Oregon, Bachelor of Science — Spatial Data Science

Graduation: Spring 2026

SKILLS

- Proficient in ArcGIS Pro, including creating layouts, managing and editing attribute tables, using geoprocessing tools, ModelBuilder, and raster analysis, as well as developing custom workflows to solve spatial problems
- Experience with cartographic design, including informed color schemes, appropriate visualization methods, and producing cohesive and clear map layouts
- Experience with remote sensing
- Experience with 3D modeling and photogrammetry in Agisoft Metashape
- Experience with drone mapping workflows
- Experience with R for GIS-related workflows
- Experience with Python for GIS-related workflows

jmason9@uoregon.edu, joshuatmason@outlook.com

- Introductory experience with QGIS
- Experience using NDVI and related vegetation indices for change detection
- Experience cleaning and preparing data in Excel for use in GIS
- Experience locating and evaluating appropriate spatial data sources
- Understanding of urban geography and familiarity with academic literature
